Inauspicious Start to Narberth Tennis Tourney

Dampness, A New Auto and Political Aspirations

"Rather inauspicious start for such a fine tourney," observed British Bill Evans to a bunch of the boys, under the big awning at the Narberth Tennis Club, on Saturday last, as the rain drenched the grounds and limited play to a few of the courts. "Aye, aye, old top, Muggy enough to be Southampton or even Lannan," chirped that other patron of St. George, Bill Davies. "We 'aven't got any luck," continued Billy the first. "Hi think there's some sort of a jinx on us." Then Walter Cowin strolled out on the courts, took off his coat and after various incantations announced that two of the courts were dry enough to be used. No one knows what magic the versatile Walter employed, but when the ever ready Fritz boys, wearing nice clean winter undershirts turned inside out, trotted forth on the courts, they found them dry enough for play and several preliminary matches were completed. Just at this moment, however, an untoward event occurred. Came rushing out Haverford Ave. at the rate of eight miles an hour Narberth's latest automobile owner, Ed Muschall. As soon as he was espied, play ceased, and everyone rushed around to the front of the Club house to welcome him. After fifteen or twenty minutes he appeared and for the first time the club members had a close-up view of Ed's new family brougham. As he entered the club grounds he stepped on the accelerator instead of the brake, and the astonished and dignified brougham gave a leap for the club house, but fortunately Walter Cowin was present when he again applied his magic, and the club house and the brougham were saved, at least for the time being. Ed admits he doesn't know much about machinery, his experience in this respect being limited to rolling Bull Durhams.

Franklin Fritz in a burst of confidence disclosed his ambitions for the future to a few of his closest friends on Sunday when the rain again prevented the progress of the tournament. Doc Howard remarked that Frank looked like a Roman senator when he prepared to go on the courts, all in white and wearing a white band around his brow to keep his flowing locks in place. "Well," said Frank, with a far off look in his eyes, "I'll tell you

RECITAL POSTPONED

Mr. Harkness in Narberth Next Monday Night

Owing to a pressing invitation to stay another week at the great Winona Lake Conference, where he is playing daily for an audience of 8,000, Mr. Robert Harkness, well known hymn pianist and composer, and associate of Alexander, Chapman and Torrey, wired that he would have to postpone his engagement in Narberth until Tuesday evening, September 5th.

It is indeed a rare privilege for Narberth to have such a brilliant composer give a recital, and the later date will, no doubt, be more convenient to many who are returning home after the holiday.

The recital will be given in the Presbyterian Church at eight o'clock, and included will be instrumental compositions composed by Mr. Harkness and played by him, Hymn Themes with Variations, The Story of How Hymns were written and incidents regarding their use all over the world. The audience will also be given an opportunity to quote scripture verses, one of which will be selected and a chorus composed on the spot and taught to the audience in a few minutes.

All are welcome.

New B. & L. Series Opens Next Week

Large Returns Possible on Investment In Stock

Thursday, September 7th, is the day and the opportunity. On that day the Narberth Building and Loan Association opens its 34th Series.

Even with its receipts of \$12,000 or more each month and its assets of over half a million, the Association is unable to supply the demand for well secured mortgages on Narberth homes. For this reason a large increase in the number of shares is desired, to enable the Association to accommodate the home-builders and home-buyers of the Year Round Home Town.

Here lies your opportunity. If you now have shares, you will take more if your means permit. If you have none, September 7th is the auspicious day on which to become a monthly investor, to lay your nest eggs and watch it grow.

As a means of saving and as an incentive to thrift, there is nothing to compare with the Building and Loan series. Many a man made his start in life by taking B. and L. shares with the dollars he could otherwise have put to rest. Stocks, bonds and real estate, none of the sums involved, are not available to small investors, but the building and loan association is open even to a child who can save twenty-five cents a week.

The Narberth Building and Loan Association with its record of constantly increasing earnings and no losses during the fifteen years of its existence, affords unexcelled security and a large return (8 1/2%) per annum on the amount invested.

A recent innovation is the issue of double payment shares which mature in a short time, making the principal sooner available for the purpose for which it is to be used, the purchase of a home, the education of children, a start in business or for investment.

Attention is called to a matter that everyone does not seem to understand, that is, if you have a Building and Loan Mortgage on your home and pay into the Association each month a stated sum made up of interest on this mortgage and a part payment on the principal, these payments in a little over eleven years pay off the mortgage on your home, but if you should have available at any time during the life of your mortgage a sum of money which could be as low as \$100, you could pay this sum at any

FIREMEN'S DAY

The Montgomery County Firemen's Association, with a membership of 64 fire companies, will hold its monthly meeting this evening at Elm Hall. Members of the various companies from all over the county will be present, and it is expected that over 300 delegates will be in attendance. At the business meeting topics of interest to firemen will be presented and discussed and the meeting will be followed by a buffet lunch provided by a committee of which Mr. Ray Weiss is chairman. The Montgomery County Firemen's Association has done excellent work in fostering a co-operative spirit, affording an opportunity for the interchange of ideas, advocating measures for the benefit of fire companies, disseminating practical and theoretical information in reference to fire fighting and equipment and advancing in general the morale of the active firemen of the county.

The meetings of the Association are very well attended. The Narberth Fire Company has been sending five delegates to conventions held in other towns, but this is the first time the local company has acted as host. The committee in charge of the social features is making strenuous efforts to entertain our guests in a manner befitting the Year Round Home Town.

Choral Society To Resume Activities

Applications for Membership Now Open

Announcements of contemplated concerts and programs will soon be made by the Executive Board of the Narberth Choral Society and Prof. Niece, Musical Director, for the coming season.

The Society received several requests to appear before prominent audiences during the summer months, but as the past season was an active one, the Board of Directors felt the Chorus should be given a complete rest until fall.

Application for membership in the Choral is now open for a limited period, and should be made to F. R. Mitchell, Chairman of Membership Committee, (Narberth 1274 M.) or to Prof. C. C. Niece, Musical Director, (Narberth 1608.)

Requirements for membership are the possession of a fair or passing voice, and a knowledge of the rudiments of music. Rehearsals are every Monday evening at 8 o'clock at the Y. M. C. A. Building. The date of the first meeting will be shortly announced, and will be taken up by the annual election of officers, and a social evening.

The community can look forward to an interesting season of good music for this, the third year of musical effort by the Choral Society, and the organization on the other hand, is content in the knowledge that it will receive the usual loyal cooperation of its local audiences, which it has tried so earnestly to please in the past.

A SUCCESSFUL SEASON

The North Side Professionals in this, their first year of twilight career, endeavor, have enjoyed a very successful season, losing only two games by close scores. This past week the All Stars were dimmed, 9 to 5, and a garrison finish in the last inning resulted in a 3 to 2 victory over the South Side Superlats, in which the hitting of "Frank Merriwell" Mackel featured.

The pitching of "Pete" Yocum of future High School fame and Zimmer formerly of Johnstown, with McAniffe on the receiving end, has been a revelation to the loyal followers of the North Side throughout the schedule, while the Senior and Junior Litchfield's work, together with the work of Siggens and Mackel, in the outer garden, has mown down many an extra base hit. "Professor" Niece's playing at second base proved that many an Eddie Collins has chosen the wrong vocation, while "Craw" Yocum's first basing has made more than one rooter see the error of paying good money to watch Sisler hold down the initial sack. Bill Hurd's all around infield and outfield pastime demonstrated that the High School next season will have a versatile performer to help land the pennant. Mr. Yocum's steady influence from the bench, acting in the capacity of official adviser and scorer, has also been a large factor in the many victories.

Players and fans will soon turn from the baseball diamond to the "black diamond," King Coal. Let us hope they will all be as successful with the latter as the North Side Professionals have been on the former.

CAFETERIA SUPPER

Have supper at the Tennis Club. Don't forget the tennis club cafeteria supper on Labor Day. Come and bring the children, and watch your husband win the tennis match.

Any members of the club who have not been asked to make a donation for the supper, and wish to do so please communicate with any one of the following committee: Mrs. McKillips, Mrs. Darville, Mrs. Donnelly, Mrs. Boryer, Mrs. W. W. Evans and Mrs. Harris.

Please renew subscription promptly.

School Opens For Fall Term Tuesday September 5th

Number Of Changes In The Faculty Announced

The Narberth Public Schools will open for the new school year on Tuesday, September 5th. All pupils in the first four grades, which will work on the double shift plan, will attend the morning session on Tuesday.

Both buildings have been thoroughly cleaned and renovated. A new floor has been laid in the gymnasium. A new room, well lighted and ventilated, has been provided for pupils who bring their own lunches. This room has been newly equipped with tables and benches and furnishes ample space for all pupils.

By reason of the resignation of several teachers last June, it has been possible to begin this year, the reorganization of teachers' assignments of subjects, made necessary by the proposed separation of the two schools upon the completion of the new elementary building, when the Junior High School will be located in the present elementary building.

The following is a complete list of teachers:

ELEMENTARY

Nellie M. Wetherill, First Grade
Madeline E. Wilt, First Grade
Roy K. Sample, Second Grade
Mary E. Walker, Second Grade
Ethel V. Watts, Third Grade
Winifred Williams, Third Grade
Sara E. Hoak, Fourth Grade
Marjorie E. Holloway, Fourth Grade
Mary L. Hoover, Fifth Grade
Elizabeth E. Allen, Fifth Grade
Evelyn W. Worth, Sixth Grade
Elizabeth M. Gilbert, Sixth Grade

A DISTINGUISHED VISITOR

Among Narberth's visitors recently, we take pleasure in listing Blackberry Press, Chatfield.

Blackberry is a beautiful black cat, of enormous size, the property of Mr. and Mrs. Frank Chatfield, of Atlantic City, who with their daughter, Miss Julia Chatfield, have been spending a week with Mr. and Mrs. B. S. Mellor, of Chestnut Ave.

During the war Blackberry, with his twin brother, Huckleberry, who died of the "flu" several years ago, attracted attention at Atlantic City, not only because of their remarkable intelligence, but because they possessed in their own names, two Liberty Bonds. Since that time, the fame of the surviving cat has become nationwide, and Mr. and Mrs. Chatfield possess a letter and picture from "Laddie Boy" and other distinguished animals, in addition to scores of letter from private individuals.

LUTHERAN CAKE SALE

The Ladies' Aid Society of Holy Trinity Lutheran Church will hold a Cake Sale on the lawn of 109 Forrest Ave., Saturday afternoon, Sept. 16th. In addition to cakes, various other articles including fancy work, etc., will be for sale.

The Ladies are making extensive preparations and a visit will no doubt prove worth while.

VOTERS TAKE NOTICE

The new residents of Narberth can register on 5th and 6th of September at the fire house from 2 to 3 and 7 to 9 P. M. for November election.

WAKING UP

'Tis said that bears curl up in the winter and sleep till the gentle voice of Spring wakes them from their slumbers.

In Narberth a somewhat different idea prevails. Here our various and sundry activities—with the exception of Baseball and Tennis—crawl into hibernation at the first bow of Dame Summer, and snooze peacefully not in a hollow tree, perhaps, but at Ocean City or Avalon.

At last, however, the gentle, invigorating breezes of fall are creeping over the browning fields of early September, calling from their slumbers the teeming life of Narberth's winter blooming organizations. The Public Schools have sent forth the clarion call which causes weeping, wailing and gnashing of teeth in the hearts of the younger generation; the Choral Society has yawned, taken a cold shower and come back to life. Vague rumblings are heard in the Direction of the Women's Community Club, who are due to break the cocoon next month.

Soon there will be meetings, and concerts and dances and shows, while ten articles will bloom on the pages of "Our Town" where one grew before. Truly—things are waking up!

Communication

To the Editor of "Our Town":

Narberth people little suspect that we have two crack golf players living in the Year 'Round Home Town. As a matter of fact Jack Wetzel and Spike McConnell, two leading lights of the "Meadow Marble" Fraternity are residents of this Burg. They have issued an open challenge to any player or players in Narberth to compete with them either individually or collectively, for a stake of any amount, up to a cheese sandwich.

Many people believe golf is a game in which only crazy men indulge, and it does appear at times as though the average golf player had something wrong in his upper story. What lends color to such an impression is just such a stunt as the duo named pulled off last week. Visiting Shackamaxon, which is somewhere in mosquito infested Jersey, last Thursday, they played eighteen holes. On each of the four following days they played 45 holes. It is hard to believe that anybody could be so foolish, but that's exactly what they did. They tell the story with considerable gusto, as though their performance was something of which to be proud. Their scores averaged about 90, so they said.

Another Nut.

THE TOWER OF BABBLE

By Collum Righter

FRETNOTABIT.

Says Director McCarter to Alphabet Hall, "I never made any such statement at all," says Alphabet Hall to Director McCarter, "There's something quite wrong with your bally self starter. The Bill has been passed. We just couldn't restrain it. Live up to your promises now and maintain it."

"You did?" "No, I didn't." They rave up and tuck. "This great sport to watch them a'passing the buck. But why prod McCarter? Or why bother Hall? The Play Ground's all set. 'Twill be working next (3) Fall. Heck! Who will maintain it? Don't worry, there's cash. In the fathomless pockets of Robert J. Nash."

For the benefit of "them what's interested," we wish to say right here that we do not mind babies at all. We let the wife mind them.

From a heretofore conspicuous absence of news concerning it we were about deciding the Narberth Tennis Association had died, expired, departed this life or otherwise passed on to its Eternal Reward along with the Choral Society, the Civic Association and other institutions of once Local fame. But "be the paper" last week we learned other. Really now, it is a devilish funny go that there is not at least one Tennis Hound in the Kennel with enough pride in his Organization to give readers of "Our Town" some news of the nets each week regularly. We are old and decrepit and all that sort of thing but nevertheless we love to read what the children are doing.

While thus publicizing our reactions on Sport why cannot there be sufficient interest aroused among the two hundred and seven Narbites who make an ardent practice of swearing and Golf to warrant a lease being signed for the Shortridge Farm lands along Wynnewood Road? Oh, the Greens! Oh, the Hazards! Oh, the Fairways therein! We are positive it could be secured if M'sieu Nash and others would get upon the job. The Column, ever on the alert when a new venture is scented, may be depended on for anything up to five thousand marks in aid of this suggestion.

Yes, Lionel, we do dearly love to attend Church Service. Why? Well now that you ask it we shall brave the terrors of feminine opinion again and tell you. We derive great satisfaction from witnessing the weekly miracle of one man keeping a flock of women quiet for an hour or so.

When the time heaves around for us to enjoy our last illness we hope to goodness the children will do something more for us than merely keep up our life insurance.

Last Monday evening our dear friend wife buttonholed us after the dishes were washed and informed us she had a lot of things she wanted to talk about. The novelty of the situation compelled us to sit up and take notice. She usually wants to talk to us about a lot of things she hasn't got.

Thrift has its advantages. If we had put a hundred dollars in the Savings Bank twenty years ago it would amount to over two hundred dollars now. And we could buy as much with it now as we could have bought with the original hundred at the time we began to save. If this is not perfectly lucid Hon. Leitch will no doubt be glad to explain it on request.

"Please give a poor old blind man a dime," said an ancient cane tapping Knight to us on Montgomery Avenue. A cursory once-over administered by us revealed the fact that he could see out of one eye and wrathfully we told him so. "Be a good sport, then, and give me a nickel," he muttered. Which like a darn fool we did. There really is one born every single minute, isn't there now?

In view of last week being Ash-Collection Week, why not plaster the coming hebdomad with an equal white coat of Fame by designating it Pay-the-

Doctor Week and then follow along in regular sequence to the tune of a month or so with Mind Your Own Affairs Week, Can-The-Gossip Week, Settle-With-The-Editor Week, Stop Razzing Your Minister Week, Kiss Your Wife Week, et cetera, ad infinitum.

We see no reason why the recent Medical Addition to our strikingly excellent Borough should wear out his nerves sitting around waiting for a practice, when he could invite his neighbors to dinner and give them something to disagree with 'em. The profession simply has got to advertise some how.

Nearly ubiquitous by this time must be the Fame and Popularity of the guy who wrote that prelude to last week's filler anent the Biological Survey's discovery of two new races of GENUS CONEPATUS. We admire the intrepidity of any one who dares thus to flirt with death by mentioning us and skunks in the same paragraph.

Hon. Bergner is perfectly correct in his statement respecting the appearance of new things on every diurnal horizon, intended to relieve the Housekeeper. His "Self-Wringing Mop" is quite all right but how very much better would be a "Self-Cleaning Floor?" While a "Self-Paying Bill" would easily wrest the anadem from the forehead of any previous winner of a contest in mitigating popular worries and cares, we'll tell the World.

For the private information of Madame E. Wood we plead guilty to her charge that we are bilingual. But that is merely one of our varied accomplishments. We can hold our tongue in seven different languages. We also can expectorate through our front teeth. We are amphibious and ambidextrous as well. We can likewise scramble eggs and scrub a floor. And incidentally we can perform on the saxophone. But this data is not to be considered in the light of a preparation for a proposal. No indeed, we have shifted ballast too often during our present matrimonial voyage to want to embark on another one. Were it not for the fact that our wife was in town shopping during the composition of the fore-going it would never have been written. And you may safely bet your last nickel on the truth of this closing remark.

Shortage of Building Sites in Narberth

Narberth's growth has been consistent. This may be why our folks do not realize there is little available land in Narberth for home building.

Some are planning new homes and we cannot too strongly urge the selection of the building site before it is too late.

Or, for investment, the purchase of land with constantly improving property values will yield good returns.

Narberth Has a Ball Team

For the past two or three years old timers, as they sank back into their window seats for the "17 minute" ride and as they turned to the sporting page—for the past two or three years, as we said—old timers have been saying to their seat mates, "Narberth used to have a ball team."

For some reason or other the giants of yesterday seem bigger than the giants of today—even though we see new records set up and shattered each season. But pleasant as the past was—the present is the real time, and the real thrill comes from today and tomorrow, not yesterday.

Narberth has a ball team. Perhaps we haven't realized it ourselves, but our neighboring towns have. Ask them. They'll change the accent and say—Narberth has a **ball** team.

Just analyze this a minute. Of eighteen twilight games played, Narberth won 16—a percentage of .889. How would a major league team like that percentage. Three games in the league series of 16, remain to be played—Strafford this Saturday at Narberth, Berwyn at Berwyn Labor Day morning and Wayne at Narberth Labor Day afternoon. Two games this week end on the home grounds—where you'll have a change to see for yourself Narberth's **ball** team.

Who are this team? Just a bunch of boys that live and play ball here. You probably know several of them, or their dads or brothers. Here's the bunch:

Davis, 1b., Captain.
Yowell, p.
Burns, c.,
Dickie, ss.,
Heckel, 3b.,
H. Humphries, 2b.,
B. Humphries, outfield,
Powell, outfield,
G. Fleck, outfield,

V. Fleck, outfield,
Durbin, p.,
Jeffries, p.,
Green, p.,
Ricklin, outfield,
Hood, p.

If you asked them if they were major league timber, they'd likely grin and ask what was eating you. But Jawn J. McGraw and Connie Mack have tried to nab a couple of them. Oh no! not because they're good judges of baseball timber, probably because they're philanthropists.

We asked Bill Crowell about 'em, and he took an extra puff at his pipe and said "Pretty fair," casual like. We started to get excited over his seeming lack of enthusiasm and then realized we were embarrassing him. For if any one man gets a big gob of credit for what the team's went and done, Bill's the man! He's taken a bunch of kids—darned good kids, too, but all the harder to handle for that—and he's made a team out of them, and that's a real man's job. Even if all he says is "Pretty fair."

We asked Harnden about 'em. He's the figger filbert of the team. He just made some crow's feet on a sheet of paper and handed it to us. Here it is:

Receipts

Admissions paid	\$ 959.81
Contributions	285.00
Total Receipts	\$1,244.81

Expenses

15 New Uniforms	\$ 112.50
Base balls	118.00
Bats, Mask and Bases	41.25
Boys: Bats, Water, Scoreboard, Foul Chasers	33.25
Base Ball Fields: Stands, Moving Stands, Back Stop, Benches, Lumber, Steam Roller and Maintenance	233.24

Advertising: "Our Town," printing, posters, large canvas banner	78.00
Dues to Main Line League	100.00
Expense of Twilight Games: Umpires	97.50
Guarantees to visiting teams	383.68

Total Expenses

Total Receipts	\$1,244.81
Total Expenses	\$1,197.12

*Balance on hand\$ 47.39

We asked about that contribution item. Several people came through with healthy wallops, but the one that made the biggest hit with the team was—item, \$15 from the Junior Community Club.

The godfathers of the team are:

Robert J. Nash, President,
A. C. Schand, Jr., Vice President,
J. J. Cabrey, Vice President,
Charles E. Harnden, Treasurer,
Raymond C. Jones, Secretary,
Wilmer G. Crowell, Manager.

Mr. Nash, asked of his opinion, said: "Best team in years, possibly the best we've ever had."

Full credit should be given Bill Crowell and every individual member of the team. Not to mention Harnden's success in pulling through without a deficit despite the increased expense of changing fields during the season.

Eventually the Playground will give us a good field, centrally located, insuring good crowds. Although over 10,000 people witnessed the games this year, that number would be easily doubled with easier access to the field and better seating arrangements.

Narberth's ball team is making as fine a name for the town as our excellent choral society and the many other Narberth activities.

"I'd like to see a banquet given to the players, and some souvenir that each of the boys could keep to remind him we appreciated what he did in 1922. Several men have spoken to me about this and I think I'm safe in promising something like this will be done."

*This balance will be more than used up in completing our season.

THE log-cabined, snake-fenced, corn-shocked farm of the pioneer has been replaced by farming on a more permanent, more profitable basis. Well-appointed homes, concrete fence posts and concrete barns and silos spell prosperity and comfort.

Bankers today acknowledge the financial assets in proper farm buildings.

Your building material dealer has largely influenced this change. He can advise you wisely on your future building, can give you plans and help that mean greater prosperity. His years of experience are part of the materials he sells you.

For over a quarter century he has known Atlas Portland Cement, "the Standard by which all other makes are measured."

Building and Loan

(Continued from Page 1)

meeting of the Association and thereby reduce the amount of your mortgage

and save the interest on this amount for the balance of the time the mortgage has to run.

Mortgages are also paid off before they mature, so that the interest stops at time of payment on the entire mortgage and Building and Loan shares held become free, or in other words, when they mature the full amount of their value will be paid to the owner.

Building and Loan saving is so flexible that it can be used for a great many different purposes and is about the most satisfactory way of saving money known at the present time, as after you become a stockholder and start payments on your shares each month it soon becomes a habit which you do not forget any more than you would forget to pay your rent, grocer's bill, or any other obligations which you know become due each month.

It is surely a feeling of joy to be notified that your Building and Loan stock has matured and that check will be mailed you for \$1,000, \$2,000, or even \$5,000, and you will wonder why you had not started to save by this method years ago.

Visit the Fire House on Thursday evening next, September 7th, at any time between 7 and 9 and see just how busy the directors of the Narberth Building and Loan Association become and notice the people who come at that time to pay their dues. Sometimes the room is nearly full and if you decide to join your neighbor and become a stockholder in this Association the opportunity will be given you at that time to take out shares in the new 34th Series either by the payment of \$1 a month or \$2 a month in the double shares, and the entrance fee which is payable only the first month, amounting to 25 cents a share.

The Officers and Directors of the Narberth Building and Loan Association will be only too glad to answer any questions you may have as to the workings of the Building and Loan idea.

Remember September 7th is everyone's opportunity.

The time is from seven to nine P. M.

The place is the Narberth Fire House.

NEW BOOKS AT THE LIBRARY

Robin—Frances Hodgson Burnett.... book in order to satisfy the demands of our patrons, particularly the long list of those who have put their names on the reserve card.

The Far Country—James Oliver Curwood.

A few inconsistencies in the text such as the rapid transformation of cigars into pipes, and then into cigars again, do not detract from the lovable qualities of the hero of the book and the cleverness of his escapes from the Royal Mounted. Not the least fascinating character is the Aardvark "Pier." Dog lovers will enjoy his relation to the plot immensely.

The Day of the Beast—Zane Grey.

In "The Day of the Beast," Zane Grey has attempted an entirely different kind of story from those which have won for him a large following among the people who enjoy zesty romances of western life. "The Day of the Beast" is a novel with a purpose which is apparently to show how complete a betrayal of war time ideals has been the recently prevalent manifestations of altered standards of personal conduct particularly among young people. However, this story is not without its exciting passages and some blood spots here and there.

Certain People of Importance—Ruth Allen Norris.

This is a most interesting situation the exodus of the Crabtree family from the middle West to California in 1849. We smile at their assumed importance as they leave the rough soil of their ancestors; we smile and we understand. With a powerful stroke Mrs. Norris has depicted all the intimate touches of their family life, all the revelations of the characters one to another, all their subterfuges to maintain their own standing, all the little plots to further their own advance, all the loves and hates and jealousies. "An epic of American life written of their own by a great writer of their own," so writes Mary Wilkins Freeman in the Literary Review.

School Opens

SENIOR HIGH SCHOOL

A. Rhoda Orme English and Latin
John B. Sangree, Mathematics and Science
Samuel G. Williams, Commercial Subjects

John W. Rhoads, History
Helen M. Love, French
Gladys R. Olson, Domestic Science
Elizabeth F. Speakman, Music
Marjorie Church, Physical Education
Adelaide N. Clouting, Drawing

Miss Orme, a graduate of Smith College, will teach Latin and English in the Senior High School, taking charge of the advanced work in those subjects formerly taught by Miss Dowlin and Miss Jones.

Miss Tyson, a graduate of Swarthmore, will teach the corresponding subjects in the Junior High School.

Miss Jenkins, also from Swarthmore will have part of the English and History in the Junior High School.

Misses Kline and Eckbert, graduates of West Chester Normal School, will have charge respectively of the Mathematics and Science, and History and Geography departments, in the same school.

Mr. Sangree, who prepared for teaching at Washington State University, will have the departments of Mathematics and Science in the Senior High School. He will also act as coach of the football team.

Mr. Williams, educated at Bucknell University and Columbia Business College, will take charge of the several branches of Commercial Work. Mr. Williams has had a wide experience both in teaching and in business and is well fitted to organize and develop this new department.

Miss Church, who received her training at the New Haven Normal School of Gymnastics, will supervise the Physical Training work throughout the

grades and have charge of the girls' athletics in the High School.

Miss Clouting who will teach and supervise the work in drawing, is a graduate of the art department of Smith College.

While the school has undoubtedly lost some valuable teachers through resignations, it is believed that those who have been selected to take their places will adequately fill the positions and that the new arrangement of work will promote the efficiency of the system generally.

Everything points toward a very successful year.

DON'T MISS IT

The opening of the regular theatrical season, Labor Day, Sept. 4th, will be celebrated at the New Ardmore Theatre in a pretentious fashion that will not only startle but astonish the patrons of this popular play house beyond all imagination, and set a new, high standard of excellence in the field of high class variety entertainment at popular prices.

The entire week will be long remembered as grand jubilee week. The big feature of the program will be the Ardmore Theatre Revue under the personal direction of Harry H. Rush.

This Revue is not a picture but a tour, theatrical extravaganza direct from New York including only first class artists of reputation and merit, and will outshine anything ever before attempted at popular prices.

Tennis

(Continued from Page 1)

a secret. Did you ever hear me orate? Down in Elm Hall last year, at our annual banquet, I delivered my maiden speech, and it made a hit! Don't think it didn't. I covered a number of subjects, dwelling at length on age and its deteriorating effects on men who continue to play tennis when they ought to be playing golf. That's when I first knew I was a born orator! Boys cringing and striking an attitude some day I'll be senator from this glorious commonwealth of Pennsylvania, I'll—

"Yes, you will," broke in irreverent brother Bob. "You've got as much chance as a bootlegger has conscience." "All right," returned Frank. "I'll bet I'll be senator before Walter Covin trades in his old green bus or Arthur Staples buys a new respect."

The results in the tournament thus far are:

First Round Singles

Harold Lane defeated Wallis Bairdau, 6-1, 6-1.

Arthur Staples defeated Doc Howard, 6-1, 6-0.

Kenneth Buzley defeated W. C. Glose, 6-3, 7-5.

Jas. Follin defeated Dr. Harry Hartley, 6-3, 6-2.

Frank Fretz defeated Wm. Bailey, 6-1, 6-0.

Wm. Kirkpatrick defeated Ed Muschamp, 6-2, 6-1.

Howard Whitney defeated H. C. Fenno, 6-3, 6-2.

C. P. McCall defeated Clarence Little, 6-3, 6-1.

Jas. McKell defeated Charles Bergner, 6-3, 6-3.

Wm. B. Clark defeated Chas. McCarter, 6-2, 7-5.

Perry Redifer defeated J. Calhoun, 7-5, 6-1.

R. Fretz defeated G. B. Sefton, 6-1, 6-0.

W. W. Evans defeated Wm. Davies, 6-1, 6-3.

In the first round of the doubles only two matches have been played.

J. Follin and W. Glose defeated Wm. Bailey and L. Edgerton, 6-2, 6-2.

R. Fretz and F. Fretz defeated Doc Howard and Horace Smedley, 6-0, 6-1.
